COUNCIL INFORMATION

Calling all Volunteers for Fixit Clinic

Calling all handy people, creatives, innovators: San Leandro is seeking to host Fixit Clinics. Fixit Clinics convey basic disassembly, troubleshooting, and repair skills using peoples' own broken things. By sharing these skills while transferring them to others, critical thinking is taught through the relationship between consumption and sustainability. Program organizers are looking to recruit volunteer coaches for a clinic series starting in late spring. Visit the [Fixit site](#) to register. For more information, contact Sustainability Manager Hoi-Fei Mok at 510-577-3421.

Climate Action Plan Outreach Survey

The public is invited to participate in the San Leandro Climate Action Assessment, which includes an initial survey of residents and businesses to explore public awareness of the issues created by climate change and potential actions that can be taken. Climate action is any action that helps people transition away from reliance on fossil fuels and move towards a clean energy future. Survey responses will help shape plan development and future outreach efforts. To participate, visit: <https://forms.gle/8QnJdWb4jUE1fxDC9>.
