

CITY OF
SAN LEANDRO
TRUCK ROUTE MAP

Notes

- A truck is defined as a motor vehicle over twenty (20) feet in length or exceeding a maximum gross weight of four and one-half (4 1/2) tons.
- According to City laws, trucks traveling on City streets are required to stay on the adopted Truck Routes.
- When making a delivery that is located off the Truck Route, trucks are required to stay on the Truck Route to the closest point to the delivery prior to diverging from the Truck Route to the delivery point.
