I hope somebody has bullet for this prick? This man is the reason there are murders in his ranks. He makes up a story knowing there is video and keeps a straight face the whole time he spews his lies protecting his piglets

Sorry but I have to support the police. If you are stupid enough to wave a bat at police in a defiance stance expect anything. Black folks, we have to take responsibility for our behavior and stop acting like primates in a zoo. Stop selling the gospel of victimhood.

I couldn't help you out the other day on that forum you were on. There was only an option to share not comment. Anyway the woman that was talking about just comply and you won't get shot was an idiot. A rogue cop, is just a bad cop. No different than one who will shoot you in the back and plant a weapon beside your corpse.

 @SanLeandroPD @jtudorslpd the official report claims the victim was shot only once in the chest and not in the head or back

 For anyone wondering this is the video of it happening, you can hear a pop from the first gunshot and see the trail of blood as he backs up, one more pop after he drops the bat and a final pop after he is on the ground not moving.

 Those two officers need to be fired. They took a person's life without using less lethal weapons. One day that trigger crazy cop pay back for the murder he committed.
