Building Fees
Permit Fee Schedule

Effective 7/1/2022 to 6/30/2023

Filing and Issuance Fee: The fee for a building permit shall include a *Filing and Issuance* fee of \$130.00 plus the applicable fees listed below.

Re-Filing Fee: A charge of 50% of the normal Filing and Issuance Fee will be charged for each and every re-submittal beyond the first re-submittal for re-checks on the same project.

Building Permit Fee: Determination of Valuation for Fee-Setting Purposes: Valuation shall be based on total value of all construction work, as determined by the Building Official, including all finish work, roofing, electrical, plumbing, heating, air conditioning, elevators, fire-extinguishing systems and any other permanent equipment). For new construction project valuations which the Building Official believes are understated at submittal, valuation may be determined using the most current International Code Council (ICC) valuation table modified to account for a regional construction cost modifier of 16% or the most currently available regional construction cost modifier (i.e. construction value in ICC Table * 1.16). For tenant improvement, residential remodels, or other projects that do not involve new square footage project valuations which the Building Official believes are understated at submittal, valuation may be determined using, up to 50% of, the most current International Code Council (ICC) valuation table modified to account for a regional construction cost modifier of 16% or the most currently available regional construction cost modifier (i.e. up to 50% of construction value in ICC Table * 1.16).

Note: The Building Official may adjust the plan checking/permit fee for an individual project when costs to the City are not congruent with this fee schedule.
