

# Green Infrastructure Plan

## City of San Leandro

September 30, 2019

# Acknowledgments

The City of San Leandro gratefully acknowledges the following individuals and organizations that contributed to this Green Infrastructure Plan:

# Table of Contents

- 1. Introduction ..... 1**
  - 1.1 Statement of Purpose
  - 1.2 MRP Requirements
- 2. Prioritizing and Mapping Planned and Potential Projects ..... 3**
  - 2.1 Approach for Prioritizing and Mapping Projects
  - 2.2 Summary of Prioritized Projects
  - 2.3 Impervious Surface Retrofit Targets
  - 2.4 Prioritized Projects for Alternative Compliance Program or Early Implementation
- 3. Tracking and Mapping Completed GI Projects ..... 10**
  - 3.1 Project Tracking and Load Reduction Accounting Tool
  - 3.2 Making Information Publicly Available
- 4. Summary of General Guidelines for GI Projects ..... 12**
  - 4.1 Implementing Projects with a Unified, Complete Design
  - 4.2 Hydraulic Sizing Requirements
  - 4.3 Standard Specifications and Typical Designs
- 5. GI Requirements in Other Planning Documents ..... 14**
  - 5.1 Summary of Updated Planning Documents
  - 5.2 Anticipated Updates of Additional Planning Documents
- 6. Evaluation of Funding Options ..... 16**
  - 6.1 Evaluation Criteria
  - 6.2 Recommendations
- 7. References ..... 17**

# List of Appendices

- Appendix A. Maps and Lists of Prioritized Projects
- Appendix B. Workplan for Completing Prioritized Projects
- Appendix C. General Guidelines for GI Projects
- Appendix D. Workplan to Incorporate GI Requirements in Planning Documents

# List of Tables

Table 1-1: Green Infrastructure Plan Sections and Applicable MRP Provisions ..... 2

Table 2-1: Target Amounts of Existing Impervious Surface to be Retrofitted by  
2020, 2030 and 2040..... 8

Table 4-1: Where to Find Hydraulic Sizing Guidance and Other Guidance - by  
Project Type..... 13

Table 5-1: Planning Documents to Be Updated to Include GI Requirements ..... 14

# List of Acronyms

Acronym	Definition
ACCWP	Alameda Countywide Clean Water Program
AGOL	ArcGIS Online
BAHM	Bay Area Hydrology Model
BASMAA	Bay Area Stormwater Management Agencies Association
DMA	Drainage management area
GI	Green infrastructure
LID	Low impact development
MRP	Municipal Regional Stormwater Permit
HM	Hydromodification management
RWQCB	Regional Water Quality Control Board
PCBs	Polychlorinated biphenyls
TMDL	Total maximum daily load
