

PLAN

SECTION A-A

SECTION B-B

NOTES:

1. All work shall be done in accordance with the Standard Specifications for Public Works Construction, the "GREENBOOK", the most current edition and all supplements thereto, adopted by the Southern California Chapter of the American Public Works Association and the Special Provisions (Technical Specifications) thereto adopted by the City.
2. Bump shall be installed with City supplied template.
3. All pavement marking and legends shall be skid resistant thermoplastic or Flint Trading, Inc. "PreMark" PLUS LINES with VIZI GRIP 336-475-6600 www.flinttrading.com.
4. Install W13-1, W17-1 roadside signs in accordance with Dwg. 136 Case 3101.
5. The W17-1 and W13-1 signs shall be installed at the first bump in a series. If there are a series of bumps on the same block less than 500'± apart on center, the intermediate signs shall be eliminated.
6. Layout is valid for streets with a curb to curb distance up to 43'. Obtain site specific layout of cut through channels from the City Engineer when width is greater than 43'.
