	<b>Email:</b> _____					
	<b>Work to be subcontracted:</b>					

### Acknowledgement of Encroachment Permit and Agreement to Terms

*Subcontractor acknowledges that it is performing work pursuant to the Encroachment Permit Number listed below (the "Encroachment Permit") and is legally bound to comply with all terms and provisions that apply to the Applicant/Permittee for said Encroachment Permit. Specifically, subcontractor agrees that all work performed will be in accordance with all applicable provisions of the Encroachment Permit and all regulations, provisions, and specifications adopted by the City. Furthermore, subcontractor agrees that it is required to have insurance of the types, coverage amounts, and endorsements required of Applicant/Permittee by the Encroachment Permit and that such insurance is in effect prior to commencing any work.*

**Application:** This form should be completed when applying for an encroachment permit from the City of San Leandro Engineering and Transportation Department for work in the public right-of-way or public easement area.

**Application Fee:** The application fee for an encroachment permit is \$65.00. Plan review and inspection fees for non-utility permits are based on an approved itemized cost estimate for the scope of work proposed, as assessed by City Staff, in accordance with the City's adopted fee schedule.

## GENERAL PROVISIONS

- (a) All work must be performed in accordance with City of San Leandro Standard Plans, Specifications, and Title V Chapter 1 of the San Leandro Municipal Code.
- (b) Twenty-four hour notice is **required** prior to start and/or requests for inspection. Work hours are limited to hours specified on traffic control plans. No work is allowed on Saturdays, Sundays, or City Holidays unless authorized in writing. The City website has a schedule of City holidays:  
<http://www.sanleandro.org/contact/holidays.asp>
- (c) City to be notified next working day (by permit application submittal) of all emergency work performed.
- (d) To the furthest extent permitted by law, Applicant shall indemnify, defend with counsel acceptable to City, and hold harmless City and its officers, elected officials, employees, agents, and volunteers from and against any and all liabilities, losses, damages, claims, expenses, and costs of every nature arising out of or in connection with Applicant's work under this Permit, or its failure to comply with any of the obligations contained in this Permit. This indemnity may not apply, or liability may be proportionately apportioned if a court of competent jurisdiction finds that the City engaged in willful misconduct, or active negligence.
- (e) Applicant shall not allow its duly approved or authorized agents or contractors, or any subcontractors of its duly approved or authorized agents or contractors, to commence work under this Permit until Applicant has obtained, at its own cost and expense, and provided to City in advance of commencing work the requisite evidence or proof of insurance or copies of insurance policies of the types and in the coverage amounts required of Applicant by the City for this Permit. Such insurance and all required endorsements must be in full effect prior to commencing work. Applicant shall furnish separate certificates and certified endorsements naming City as an additional insured, and Applicant shall either include its duly approved or authorized agents or contractors and all subcontractors as insureds under Applicant's insurance policies or Applicant shall furnish separate evidence or proof of insurance coverage or copies of insurance policies and separate certified endorsements naming City as an additional insured from each of Applicant's duly approved and authorized agents or contractors and all subcontractors of each duly approved and authorized agent or contractor.
- (f) No contractor or subcontractor shall park their construction equipment, including personal vehicles, entirely or partially in the sidewalk area. Per Section 5610 of the Streets and Highways Code, the permittee shall be responsible for the repair of any damaged sidewalk where contractor's or subcontractor's vehicles caused said damage.
- (g) If the work or use authorized by a permit is unsafe, in violation of the Municipal Code, or is unduly delayed by the permittee, the City may revoke this permit and complete the work or any portion thereof, or make the site safe or return it to the same condition existing prior thereto. The actual cost of performing such work by the City plus overhead shall be charged to and paid for by the permittee.
- (h) Permit is valid for **90 days** from issue date unless noted otherwise. Extension of time may be granted when requested in writing.
- (i) Permit must be readily available at work site and presented when requested by a City employee. Permit is not assignable.
- (j) Section 6500 of the Labor Code requires a permit from the State Division of Industrial Safety (**CAL OSHA**) prior to any excavation five feet or deeper.
- (k) Prior to digging or drilling, permittee shall request Underground Service Alert (**USA**) markings. Contact **811, 800-640-2444, or usanorth811.org (48 hours in advance)**
- (l) Trenches must be inspected prior to backfilling. Backfill compaction tests must be submitted for review and approval prior to closing permit.
- (m) All tunneling is prohibited. Pipe must be bored, jacked, or open trenched including under curb, gutter and/or sidewalk.
- (n) Forms for concrete work must be inspected prior to placing concrete.
- (o) All concrete must be saw cut prior to breakout. Concrete sections to be replaced shall be no smaller than 30 inches in either length or width. All saw cuts must be along score lines, 1.5" minimum depth (special conditions for concrete pavements). If a saw cut falls within 30 inches of a construction joint, expansion joint, or edge, the concrete shall be removed to the joint or edge. Forms for concrete work must be inspected prior to placing concrete.
- (p) Temporary paving is required in all street and sidewalk areas and is to be placed the same day work is performed. From **October 15** through **April 15**, only Hot Mix Asphalt Concrete paving or hydrophobic, polymer-modified, cold asphalt is to be used for temporary paving. Temporary paving is to be maintained by applicant until permanent paving is placed.
- (q) Paving or sidewalk is to be replaced within **30 days**. Permittee shall notify City before placing surfacing.
- (r) A Traffic Control Plan must be submitted to the City. If flaggers are required, copies of certifications must be provided.
- (s) Permittee shall provide, erect, and/or maintain such lights, barriers, warning signs, patrols, watchmen, and other safeguards as are necessary to safeguard the traveling public in accordance with the current California "Manual of Uniform Traffic Control Devices Part 6: Temporary Traffic Control" and the submitted Traffic Control Plan.
- (t) Open trench one lane at a time, with necessary traffic control, to keep traffic moving in both directions during working hours. If at the end of the work day backfilling operations have not been completed, steel bridging shall be required to make the entire traveled way available to public traffic.
- (u) Tree trimming and/or root pruning requires approval from the City's Public Works Department prior to performing said work. Call **510-577-3440**.
- (v) A safe and accessible pedestrian path of travel shall be maintained at all times.
- (w) Permittee is responsible for contacting the City for final inspection and approval of completed work.
- (x) Permittee shall notify Union Pacific Railroad for any work to be performed or traffic control within the proximity of a railroad crossing.
- (y) Any changes to the scope of work or the traffic control plans requires a permit revision. Work cannot proceed until the City of San Leandro has approved all changes.
- (z) Any City survey monument encountered within the work area shall be preserved in accordance with California Business and Professions Code §8771. If a City survey monument is disturbed, Permittee is responsible for filing a Corner Record or Record of Survey with the Alameda County Surveyor, with a copy provided to the City. Failure to perpetuate City monuments is a misdemeanor according to California Penal Code §605.
