Please put leaves in your green yard waste container. This helps keep the streets clean, prevents street sweeping machines from getting clogged and allows the leaves to be recycled into nutrient-rich mulch and compost.

Remember!
Please remove your vehicles from the street on street sweeping days!

Holidays?
We'll sweep your street within the next three working days!

We will sweep your residential street once a month!
Find your street on the map and corresponding section number. Then see which day of the month your street gets swept.
