***Town Hall Meetings Scheduled for November 9 and 17 to Discuss
Alternatives for the San Leandro Boat Harbor Basin***

The City is working with Cal-Coast Development, master developer, and a 33-member Shoreline Development Citizens Advisory Committee to develop a master plan for an approximately 40-acre opportunity site at the San Leandro Shoreline. Information on the Shoreline Development project and process to date can be found at the following website address: www.sanleandro.org/depts/cd/bizdev/shoreline. The website includes Discussion Plan 6, the plan that is currently being discussed; however, no formal recommendation for development has been made to the City Council.

While the City remains hopeful that future development can support the retention of a reconfigured boat harbor, as no source of funding has been identified for future dredging or transfer of the dredged materials, the City is exploring alternatives for the boat harbor basin. Town Hall meetings have been scheduled to provide the community an update on the Shoreline Development project to date and gain input on alternatives for the boat harbor basin. The study includes the following assumptions

- Boating is not precluded as a future use – at a minimum the desire is to maintain access for non-motorized vessels and/or those vessels with a low draft;
- Boat launch to remain viable for as long as possible;
- Future uses of basin shall be aesthetically attractive to the public and fit in with existing and planned surrounding shoreline area uses;

(continued)

- The alternatives should, to the maximum extent feasible, provide public access to water-related activities.

Please plan to attend a Town Hall meeting and share your ideas. The same information will be covered at both meetings so you need only attend one.

- Tuesday, November 9, 2010 at 7 pm at the Main Library Dave Karp Room at 300 Estudillo Avenue
- Wednesday, November 17, 2010 at 7 pm at the Marina Community Center at 15301 Wicks Boulevard

For more information or to share your ideas, please contact Debbie Pollart at (510) 577-6020 or dpollart@sanleandro.org.
