

San Leandro Multi-Family Development Standards

Community Workshop

October 21, 2020 @ 6pm via Zoom

Share your design ideas!

With assistance from a State grant, the City of San Leandro is updating its multi-family residential design standards to help ensure quality multi-family and mixed-use development projects.

Please join City staff, consultants, and your neighbors for an interactive discussion and design review workshop. Your input will help us ensure that the new standards reflect the community's values.
